PLAN TO INCLUDE PADUCAH IN OHIO RIVER ROUTE

Proposal To Link All Counties Between Jefferson And Mc-Cracken Counties Made

AT MEETING OF LOUISVILLE AUTO CLUB.

At the annual banquet and meeting of the Louisville Automobile Club held at the Seelbach Hotel in Louisville, last Thursday evening, a proposal was made by William Furlong, president of the club to extend the projected Ohio River Route to Paducah and this include all the built on from Owensboro through to Cracker.

The plan outlined by Mr. Furlong is for the Federal Aid highway to be built on from Owensboro through to Henderson, Morganfield and Marion along the Ohio river.

Besides the members of the Automobile Club, and their wives, there were present at the banquet, the Judges from the counties along the Ohio, who are interested in the highway. Rodman Wiley, State Road Commissioner, Judge Newman of Hawesville and Judge Wells of Owensboro were speakers on the program.

Wiley Urges Club To Boost Route.

Rodman Wiley, in his address, is said to have urged the members of the Automobile Club to boost the Ohio River Route to Paducah. He further said that this project for good roads needed the help of a live organization like the Auto Club.

Judge Newman Speaks.

Judge Newman said that Kentucky has long been noted for three things namely good whisky, fine horses and pretty women; that the whisky is about to be tabooed; horses are about to be discarded for automobiles, which will leave only the pretty women. He suggested that more good roads be built so that automobiles can be used more extensively in showing off to advantage the women.

Paul Lewis, cashier of the Breckinridge-Bank of Cloverport attended the banquet with Judge Newman.

FLYING CIRCUSES

On Tour. Famous American, French And British Flyers Giving Exhibition.

One of the great flying circuses, composed of the heroic flyers that have been developed in the French, British and American forces during the war is to visit the cities of the Eighth Federal Reserve District this month to put on sham battles in the air and do for the people the difficult stunts learned in the necessity of war.

The great squadron for this district begins its exhibitions at Memphis, April 12, then goes to Little Rock, April 13; St. Louis, April 14, and Louisville, April 23. At each place thousands of people are expected to gather from the surrounding territory to witness the daring "air raids" that will be made.

The men from the British, French and American forces have been turned over to the Treasury Department for service in the Victory Liberty Loan campaign, and will be under the direction of the Bureau of Publicity of the Victory Loan Organization, Frank R. Wilson, Director, Capt. Leon Richardson will be in charge of the actual flights.

A number of captured German Fokker planes captured by Gen. Pershing's men, in addition to the American planes constructed during the war will be used in the air battles.

REV. E. B. ENGLISH ACCEPTS CALL IN HARDINSBURG

Will Serve Glen Dean Baptist Church Too. Berea Church Adopts Resolutions.

Rev. E. B. English, former pastor of the Baptist church in Berea, Ky., arrived in Hardinsburg, last week to assume his work as pastor in charge of that church and of the Glen Dean Baptist church. Giving two Sundays each month to the two churches.

It was previously reported in The Breckinridge News that Rev. English had accepted a charge in the West Point church. This, however, was a mistake and the News was misinformed.

Something of the esteem in which Rev. English and Mrs. English are held among their former associates and fellow-workers, may be gathered from the following resolutions copied from the Berea paper.

"Whereas, our pastor, the Rev. E. B. English, tendered his resignation on Sunday, February 2, 1919, to take effect on the last Sunday in March next;

"Resolved, that we accept his resignation, to take effect as specified;

"That in doing so we express our very high appreciation of the service he has rendered in leading the church into harmonious spiritual life and a larger experience in giving for the Master's work, and in building the beautiful house in which we worship; that we also express our appreciation of the untiring service of Mrs. English in all branches of Christian work; that we hold them both in high esteem and affection; deeply regret the sundering of the ties of friendly intercourse and Christian fellowship that have grown up between us, and pray that the blessing of God may go with them and make them abundantly useful and happy in their new field of labor."

The article concerning Mrs. English was clipped from the same paper, and appeared under the Public School Notes. It says this:

"Mrs. English gave a splendid paper at Parent-Teacher's Association on the care of our boys and girls.

"The following resolutions were voted unanimously:

"Resolved, That we, the Principal and teachers and members of the Parent-Teacher's Association of Berea Graded School, tender Mrs. E. B. English our sincere thanks for the efficient work that she has done as secretary of the Parent-Teacher's Association of the Berea Graded School District. We feel that the success of the Association is due in no small measure to her untiring work. Her presence at every meeting of the Association has been an inspiration to the Principal, teachers and parents, and the unselfish interest of Mrs. English and her family have been worth much to all the activities of the school.

"We regret deeply that Mr. English must leave us and we know that not only our school but the town regrets to lose from their midst a family that renders so cheerfully such unselfish service.

"We wish Mrs. English much joy in her new home and we are sure that her friends will be as legion and faithful as her old are numerous and true.

Signed: Miss Dean
Miss Steale,
Miss Bowles,
Committee on Resolutions."

Caught A 5 lb. Bass.

A party composed of Dr. Jesse Baucum, Dr. Forrest Lightfoot, Conley Arnold, Billy Reid, Forrest Freeman and Jesse Bohler went to Petrie, Ky., Sunday on a fishing trip. The champion fisherman of the day was Billy Reid who caught a 5 1/2 lb bass. Petrie seems to appeal to the fishermen because of a pond there which is noted for its large fish.

CLAIM ON AN INJURED HORSE

Presented To The City Council by J. C. Nolte & Bro. Money Subscribed to Build Wharf Boat.

The City Council met in regular monthly session Monday, April 7, with the Mayor, and all members of the Council present.

The first business before the body was a claim presented by J. C. Nolte & Bro's. for the value of their delivery horse which was crippled last week while driving over a defective culvert in the street. The claim was referred to a committee to report on the value of the animal.

Mr. Austin Beavin was present asking that his license to run a pool room be granted. The privilege had been refused Mr. Beavin at a former meeting, but this time they reconsidered the matter, and agreed to grant the license with a proviso that the room in which the tables were kept must be open to the street. No petitions nor painted windows were to be permitted.

The council also heard a petition read in which the citizens had voluntarily contributed about one hundred dollars to aid in building a wharf at the levy for the use of steamboats. An order was made appointing a committee to make an estimate of the cost of the building to be built, and also a track to go down on which the building could be moved up and down the levy. The city will aid in making the desired improvement.

"He was a good friend
--but a poor Executor."

One often hears that comment. Settling an estate successfully calls for more than good intentions. Principally it calls for years of "knowing how."

Our own considerable success in settling estates springs from long practical experience—coupled with personal kindly consideration for the families of those who leave their affairs in our hands.
